From: Allyson Stephens, County Clerk 

Subject: Appointment of Camera Ready® Liaison for Meriwether County

Date: 03/06/2026

Meriwether County participates in the Georgia Department of Economic Development's Camera Ready® Program, which assists film and television productions in identifying potential filming locations throughout the state. Each participating county designates a liaison who serves as the primary point of contact for the program and for film location scouts seeking information about the county.

For many years, Mrs. Beth Neely-Hadley served as Meriwether County's Camera Ready® liaison and represented the County in this role. Mrs. Neely-Hadley has expressed that, since she has not served on the Board of Commissioners for several years, it would be more appropriate for someone currently connected with the County to serve as the liaison moving forward.

The Georgia Department of Economic Development has advised that the liaison should be someone working with the county in an official capacity, such as tourism, economic development, or another county-related role. The liaison is responsible for communicating with the Department of Economic Development and assisting visiting film location scouts with information about potential filming locations within the county.

Staff is requesting Board discussion and appointment of a Camera Ready® liaison to represent Meriwether County in the Georgia Department of Economic Development's Camera Ready® Program.
