☐ Informational Presentation	☐ Consensus-Building Presentation

BACKGROUND/REQUEST

City Council previously requested an update on the signalization of the Chambers and 117th Avenue and Chambers and Heartland Drive intersections. The purpose of this discussion is to answer questions regarding scope, funding, and timing for the future of the intersections. The attached memorandum provides an update on the two intersections and overviews two upcoming ordinances for City Council's consideration that would adopt two federally recognized traffic documents as City policy to help the City make safe and modern road safety, operations, and design decisions.
